**ABSTRACTS OF LIST OF WILLS AND ADMINISTRATIONS  
FROM BRITISH PROBATE COURTS**

Compiled and Presented by the late Lothrop Withington.

(Which have been published in this Magazine.)

[About twelve years ago Mr. Lothrop Withington, then not personally known to any of the officers of this Society, offered to give for publication in our Magazine a series of abstracts of English wills, having Virginia interest. We had fully recognized the value of the similar work done by Mr. Waters for the New England Historic-Genealogical Society and had wished that it were in our power to have similar work done for Virginia. We therefore gratefully accepted the offer and the contributions were regularly made, with much open handed liberality, up to the time of Mr. Withington's death on the Lusitania. There seemed to be no limit to his generosity in his relations to this Society. Not only did he furnish the abstracts of wills but made other contributions, including the transcripts of the Council and General Court Minutes now in course of publication. When in Richmond, a few weeks before his death, he was full of plans for additional work he wished to do for the Society. We had become diffident about mentioning anything we would like to have done England, for, though a very busy man, Mr. Withington seemed to consider any such wish a command which it was a pleasure to obey. It was his desire, at some future time when these abstracts had increased to the proper number, to print them in book form as was done with Water's "Gleanings." This cannot now be done; but as a partial fulfillment of his wishes and as a useful aid to our readers we print below an alphabetical reference list to those which have been printed. In the future a proper memorial to Mr. Withington will be published in our magazine; but the editor, who was most closely associated with him in his work for the

magazine, wishes to express his sense of personal sorrow at the untimely death a of valued friend and of a most generous benefactor of this Society.]
